

ShipShape Terms and Definitions

Ship - The in-app object that visualizes a goal that people set for themselves. “Goals” and “Ships” are interchangeable.

Goal - The general long-term goal users want to accomplish. Also known as the “main goal”.

Milestone - A label for a set of tasks. Can signify a reminder to rest before pursuing another milestone and its tasks.

Tasks - Smaller, manageable goals to complete that contribute to the completion of a main goal.

Captain - The person who created and owns a ship. There is one captain per ship.

Crewmates - People who are invited by the captain/main user to board a ship. Captains have as many crewmates as they'd like.

Voyage - A collection of all ships/goals.
